

Governor statement of principles 2014

We believe that good behaviour is essential to allow all our students to achieve their full potential. Good behaviour promotes effective learning; effective teaching and learning promotes good behaviour. All students should behave in a manner that does not affect the learning opportunities of others.

We believe in a culture of inclusion, equal opportunities and respect for all members of our community and in the importance of self-discipline and self-esteem. Discrimination in any form will not be tolerated. We recognise that some students may need additional support to achieve the expected standard of behaviour.

We also believe that it is essential that the school has a system of rewards for good or improving behaviour and sanctions where standards fall below an expected level. These rewards and sanctions will be applied consistently and fairly.

The school has an effective and easily understood Behaviour for Learning policy. This policy clearly states the code of conduct and the way in which rewards and sanctions will be administered. Students' behaviour is closely monitored and parents or carers will be kept informed of any achievements and positive as well as negative behaviours.
